GENERAL INFORMATION

John A. Gupton College has a distinguished history. Founded in 1946 by John A. Gupton and Bernadean Gupton, the co-educational, non-segregated proprietary school in Nashville, Tennessee began offering a program of study leading to a diploma in the field of Mortuary Science. John A. Gupton College was incorporated as a non-profit organization in 1965. Originally located at 2507 West End Avenue, the College is now housed in a new, modern facility located at 1616 Church Street.

In keeping with the philosophy of educating the total person, John A. Gupton College has been accredited by both the Southern Association of Colleges and Schools Commission on Colleges* since 1971 and the American Board of Funeral Service Education* since 1946. The College offers an accredited Associate of Arts Degree in Funeral Service, an Associate of Applied Science Degree in Funeral Service and a non-accredited Funeral Director Certificate program. The Certificate program meets the State of Tennessee educational requirements for a funeral director.

Gupton College was the first independent institution of funeral service education to earn regional accreditation and thus to be able to offer a course of study leading to the Associate of Arts Degree. The College's pursuit of regional accreditation indicates its role as a pioneer in the educational community which it serves.

The curriculum is designed on the collegiate level, with the dual purpose of fulfilling the needs of both the students who wish to eventually pursue other degrees and of those going directly into Funeral Service. Since 1968, Gupton graduates have been transferring to senior colleges and pursuing advanced degrees. To both groups, Gupton offers the opportunity for a liberal arts education, and the continuing commitment toward educating professionals who are capable of the change inherent in growth.

Located in the heart of Nashville's academic community, John A. Gupton College reflects a rich heritage of academic excellence and provides a facility that is comfortably conducive to effective learning. The new facility houses Administrative offices, library, classrooms, science laboratory, marketing center, restorative art laboratory, preparation area, and a student lounge.

ORGANIZATIONAL STRUCTURE OF JOHN A. GUPTON COLLEGE

STATEMENT OF PURPOSE

The purpose of John A. Gupton College is to provide a basic liberal arts education as well as a professional curriculum in funeral arts and sciences. The course of study leads to the Associate of Arts Degree, the Associate of Applied Science, or a Certificate in Funeral Service. The liberal arts component is equally designed to serve as the foundation for the pursuit of other degrees.

STATEMENT OF OBJECTIVES

John A. Gupton College has adopted two (2) primary objectives in order to achieve the purpose of the institution. These objectives are:

1. John A. Gupton College is committed to providing basic liberal arts educational opportunities:
 - by providing a curriculum consisting of general educational components
 - by providing opportunities for students to strengthen their skills in communication, both in writing and speaking
 - by familiarizing the student with significant accomplishments in the arts and sciences
 - by providing an environment of cultural and social diversity
 - by emphasizing the need for lifetime psychological well-being
 - by emphasizing logical thinking and fiscal responsibility.
2. John A. Gupton College is committed to the development of funeral service professionals:
 - by providing a curriculum in funeral service arts and sciences
 - by providing first-hand clinical experiences in embalming, restorative art, and cremation
 - by placing the student in an off-campus practicum under the supervision of a preceptor
 - by graduating students who are marketable in the funeral profession
 - by preparing students to be able to perform satisfactorily on exams for professional licensure.

Philosophy of Funeral Service Education

Recognizing the great demands placed on today's and tomorrow's practitioner of funeral services, Gupton College strives to educate the total person. Thus, the program is designed to include a liberal arts curriculum that constitutes the basic general education requirements of accredited colleges and universities and a professional experience that is the standard of excellence in the world of funeral service practice. Every effort is made to actively involve students in the multiplicity of actual funeral service operations. Building upon the advantage of a liberal arts foundation, a carefully planned professional education is set forth. Classroom theory in the funeral service arts and sciences is reinforced by the clinical program.

The College extends its services to the profession and at the same time fulfills its responsibility to the enrolled student by providing a 24-hour mortuary service. As the student earns upper-division status, he or she is assigned to a college-selected funeral home and designated preceptor for a carefully planned and follow-up externship. As a licensed funeral establishment, the College joins the care-giving function within the community while building the strength of philosophy and smoothness of technique within its students.

The central aim of John A. Gupton College is to have funeral service education personnel that are members of the human service profession, members of the community in which they serve, members that participate in the relationship between bereaved families and those engaged in the funeral service profession and knowledge of compliance and regulatory guidelines, as well as members that are sensitive to the responsibility for public health, safety, and welfare in caring for human remains.

Within this philosophy, Gupton College strives to achieve the following goals as expressed by the American Board of Funeral Service Education:

1. Explain the importance of funeral service professionals in developing relationships with the families and communities they serve.
2. Identify standards of ethical conduct in funeral service practice.
3. Interpret how federal, state, and local laws apply to funeral service in order to ensure compliance.
4. Apply principles of public health and safety in the handling and preparation of human remains.
5. Demonstrate technical skills in embalming and restorative art that are necessary for the preparation and handling of human remains.
6. Demonstrate skills required for conducting arrangement conferences, visitations, services and ceremonies.
7. Describe the requirements and procedures for burial, cremation, and other accepted forms of final disposition of human remains.
8. Describe methods to address the grief-related needs of the bereaved.
9. Explain management skills associated with operating a funeral establishment.
10. Demonstrate verbal and written communication skills and research skills needed for funeral service practice.

It is the commitment to educating the whole person that identifies the Gupton College philosophy and the faithfulness of the College to the commitment which leads the graduate toward his or her career fulfillment.

He or she may be reinstated upon the recommendation of the Academic Affairs Committee. The attendance policy is effective for all programs offered at John A. Gupton College. Letter grades are given in all course work as follows:

The grade of **A** signifies the work of the highest caliber.

The grade of **B** denotes work of high quality.

The grade of **C** signifies average work.

The grade of **D** indicates failure.

The grade of **F** indicates failure.

The grade of **I** is issued for incomplete work due to extenuating circumstances.

Note: An **I** grade is conditional and must be removed within the first two weeks of the succeeding semester or it automatically converts to an **F**.

At least one unit of evaluation is employed for each course credit hour. Mid-term deficiencies are reported to the Registrar.

Quality Points

In addition to the grade assigned in each class, a student also receives quality points in relation to his or her grade. The grades equate in the following manner:

D.....	1 quality point per semester hour
F.....	0 quality points per semester hour

The quality point average is determined by dividing the total number of quality points by the total number of hours attempted. When courses are repeated, only the highest grade will be used in determining the quality point average and hours attempted will be used only once.

The library provides opportunities for students to seek truth and to promote intellectual, cultural, social and ethical development.

The web-based SIRS Researcher provides electronic bibliographic databases which are rich in funeral service and other social issues.

Online students needing to access library resources may contact the Librarian to have resources shipped to the student. Utilization of the library necessitates respect for others. There is to be no smoking, eating, or drinking in the library. A quiet atmosphere should exist which will promote concentration and learning.

Information Technology

Information technology such as computers and printers are available at the library to be used by faculty and students. The Librarian will provide guidance and assistance in the use of information technology.

Currently, the library has twelve computers that permit access to education, reference, entertainment, and office software packages. The computers are equipped with a laser printer.

The library has its own copier for document reproduction and provides internet access with wireless capabilities.

Information Technology Resources Systems Policy

Time allocated for the use of library information technology resources such as computers, computer software, share drives, and printers will be determined by the Librarian and Director of Educational Support Services. Priority will be given to usage which is compatible with the academic and professional goals of the College.

1. Priority is given to the students in reference to allocation and use of Information Technology Resources located in the library.
2. Student academic usage has priority over other types of activities. In the unlikely event that all computer stations are tied up, individual student usage will be limited to one (1) hour.
1. Faculty will have access to the computer stations in the Administrative Complex. The present adjunct faculty have indicated they have access to computers at their respective institutions and/or homes.

The Information Technology Resources Policy is evaluated by the annual Library Evaluation Form. The responses are provided to the Director of Educational Support Services by the Administration to ensure academic and administrative needs are being addressed.

LEGAL, MORAL, AND ETHICAL STANDARDS

Institutional Safety Plan

All buildings must be annually inspected by the Fire Marshall's Office and must meet all fire and safety codes. Thus the College is in complete compliance. In addition, the water system and backflow are inspected annually by the State Department of Public Health.

The building contains fire extinguishers in appropriate areas of the building. These are serviced quarterly and are located in conspicuous positions. The laboratories are easily vented by windows. The building has multiple exits; these exits are free and clear and provide easy access in the event of a fire or another emergency.

The laboratories contain a first aid kit. The general science laboratory and mortuary science laboratory contain a combination shower/eyewash station. Eye goggles are available as required. The mortuary science laboratory also contains sterilization equipment to prevent the spread of disease. The buildings are well lighted and the grounds are free from clutter and clearly visible. Landscaping is a low profile so as to avoid areas of potential threat. The College provides private armed security during the normal hours that classes are in session.

The safety plan includes the following schedule of inspections:

Fire inspection	Annually by Fire Marshall's office
Buildings	Annually by building codes
Water and sewer	Annually by the State Board of Public Health
Fire extinguishers	Serviced annually by Koorsen Fire & Security
Smoke alarms	Checked quarterly by the President
Fire exits	General housekeeping, inspected daily

Faculty and students will be apprised of all safety and health concerns. Special safety instructions regarding special equipment will be the responsibility of the instructor in charge of a particular area. Safety concerns will be reviewed with the faculty and staff at annual faculty/staff meetings and with students during orientation.

The Administration reviews the safety and security plan annually and notes any changes or additions that should be included in the student orientation program and/or called to the attention of the faculty at large.

In accordance with the Student Right-To-Know and Campus Security Act of 1990, the College publishes the range of crimes and other violations of the law on its campus. This information is displayed in the student lounge bulletin board under glass and provided to the campus community electronically on an annual basis.

Student Conduct

All students whether campus-based or online are expected to maintain acceptable standards of personal conduct and honesty. The use of the Internet in general, and social media sites by students as a venue for discussing any aspect of the care of deceased human beings in which the topic of discussion is of a sensitive and confidential nature, is strictly prohibited.

Online students must communicate using open forums with faculty and students in a professional and ethical manner. Any student whose conduct is considered harmful to the rights of others or to the reputation of the College or funeral service will be subject to suspension or expulsion.

Intoxicants

No student will be allowed on campus or to attend Gupton College while under the influence of any kind of intoxicant or drugs with the exception of those prescribed by a physician. Sexual Harassment

Sexual harassment is reprehensible and will not be tolerated by John A. Gupton College. It subverts the mission of the College and threatens the careers, educational experience and well being of students, faculty, and staff. Relationships involving sexual harassment or discrimination have no place with the College. John A. Gupton College will not tolerate sexual harassment of its employees or students by anyone, including, but not limited to supervisors, faculty, staff, students, or alumni. Sexual harassment is an insidious practice that demeans individuals and creates unacceptable stress for the entire organization. Those who are found to have sexually harassed others will be dealt with swiftly and vigorously.

Harassment on the basis of sex is a violation of Section 704 of Title VII, 42 U.S.C. No member of the John A. For the purpose of this policy, sexual harassment is defined as any unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature.

Consent is defined as each participant giving affirmative decisions to engage in mutually acceptable sexual activity given by clear action of words in every instance. The informed decision must be made freely and actively by all parties and the decision must be made verbally by both parties.

Sexual misconduct is a form of sexual harassment that is prohibited under federal law and College policy. Any act of sexual misconduct must be reported to the College administration for appropriate action. Federal regulations also protect against retaliation directed at any individual who files a complaint under this policy or participates in a complaint investigation.

National Board Exam Security

John A. Gupton College requires students to take the National Board Examination (NBE) prior to graduation. The NBE is a professional licensing exam, and candidates are expected to conduct themselves as professionals in preparing for and taking the exam. The International Conference of Funeral Service Examining Boards (ICFSEB) maintains rules and procedures for the examination. Any attempt to reproduce NBE content in any form or discussion of exam content is a violation of exam security. Violations of exam policies may result in invalidation of your NBE scores and denial of licensure.

DISCIPLINARY SANCTIONS

Upon determination that a student has violated any of the rules, regulations, or disciplinary offenses set forth in the Rules of Conduct, the following sanctions may be imposed for both campus-based and online students:

1. Restitution. A student having committed an offense against property may be required to reimburse the College or owner for damage to or misappropriation of such property. Any such payment in restitution shall be limited to the actual cost of repair or replacement.
2. Warning. The appropriate College official may notify the student that continuation or repetition of specified conduct may be cause for other disciplinary action.
3. Reprimand. A written reprimand, or censure, may be given to any student whose conduct violates any part of the College Rules of Conduct. Such a reprimand does not restrict the student in any way but does have important consequences. It signifies to the student that he or she is in effect being given another opportunity to conduct himself or herself as a proper member of the College community, but that any further violation may result in serious penalties.
4. Restriction. Restrictions of privileges may be placed upon a student for a specified period of time. These restrictions may include, for example, denial of the right to represent the College in any way, denial of use of the facilities and/or limitations of parking privileges.
5. Probation. Continued enrollment of a student on probation may be conditioned upon adherence to Rules of Conduct. Any student placed on probation will be notified in writing, which will include the terms and length of probation. Probation may include restrictions as deemed necessary by the College. Any conduct in violation of the Rules of Conduct while on probationary status may result in the imposition of a more serious disciplinary sanction.
6. Suspension. Should a student be suspended, he or she is separated from the College for a stated period of time with conditions of re-admission stated in the Notice of Suspension Letter.
7. Expulsion. Expulsion entails a permanent separation from the College. The imposition of this sanction is a permanent bar to the student's re-admission to the College.

DRUG-FREE COMMUNITIES STATEMENT

This statement is being distributed to all John A. Gupton College employees, including faculty, staff, and students in compliance with the provisions of the Drug-Free Workplace Act of 1988 (41 U.S.C. 701, et. seq.) and the Drug-Free Schools and Communities Act Amendments of 1989 (20 U.S.C. 3171, et. seq.)

I. Policy

It is the policy of Gupton College to prohibit the illegal use, abuse, manufacture, possession, sale or distribution of alcoholic beverages or any controlled substances, including stimulants, depressants, narcotics, hallucinogenic drugs or substances or marijuana on College-owned, controlled or temporarily leased property. Such use, sale or distribution is also prohibited during any College-related activity including off-campus trips. All employees and students are subject to applicable federal, state, and local laws related to this matter. Additionally, any violation of this policy will result in disciplinary actions as set forth in the "Student Conduct" and "Disciplinary Sanctions" sections of the Student Handbook.

II. Legal Sanctions

Various federal, state and local statutes make it unlawful to manufacture, distribute, dispense, deliver, sell, or possess with the intent to manufacture, distribute, dispense, deliver, or sell controlled substances.

The penalty imposed depends upon many factors which include the type and amount of controlled substance involved; the number of prior offenses, if any; whether death or serious bodily injury results from the use of such substance; and whether any other crimes were committed in connection with the use of such substance. Possible maximum penalties for a first-time offender include imprisonment for any period of time up to a term of life imprisonment, a fine of up to Four (4) Million Dollars, supervised release, or any combination of the above. The sanctions are doubled when the offense involves either of the following:

- A. Distribution or possession at or near a school or college campus.
- B. Distribution to persons under 21 years of age (repeat offenders may be punished a greater extent as provided by statutes).

Further, a civil penalty of up to \$10,000 may be assessed for simple possession of "personal use amounts" of certain specified substances under Federal Law.

Under state law, the offense of possession or casual exchange is punishable as a Class A misdemeanor; if there is an exchange between a minor and an adult at least two years the minor's senior, the offense is classified as a felony, as provided in T.C.A. 39-17-417 (21 U.S.C. 001, et.seq.; T.C.A. 39-17-417).

It is unlawful for any person under the age of 21 to buy, possess, transport or consumes alcoholic beverages, wine, or beer. Such offenses are classified as Class A misdemeanors punishable by imprisonment for not more than 11 months and 29 days, or a fine of not more than \$25,000, or both (T.C.A. 1-3-113; 57-5-301).

Furthermore, it is an offense to provide alcoholic beverages to any person under the age of 21. Such an offense is classified as a Class A misdemeanor (T.C.A. 39-15-404).

The offense of public intoxication is a Class C misdemeanor and is punishable by imprisonment of not more than 30 days or a fine of not more than \$50, or both (T.C.A. 39-17-310).

III. Institutional Sanctions

Gupton College will impose the appropriate sanctions on any employee or student who fails to comply with the terms of this policy.

Employees:

As a condition of employment, each employee, including student employees, must abide by the terms of this policy and must notify the institution of any criminal drug status conviction for a violation occurring in the workplace no later the five (5) days after a conviction. A conviction includes a finding of guilty, a plea of *nolo contendere*, or imposition of a sentence by any state or federal judicial body.

Possible disciplinary sanctions for failure to comply with the terms of this policy, including failure to notify of conviction may include one or more of the following:

1. Termination
2. Suspension
3. Mandatory participation in and satisfactory completion of a drug/alcohol abuse program
4. Recommendation for professional counseling
5. Referral for prosecution
6. Letter of warning
7. Probation

Students:

4. Referral for Prosecution
5. Probation
6. Warning
7. Reprimand

Student Complaint and Grievances

All students have assured a process to seek remedy for complaints and grievances that occur within the institutional community. This process will provide a meaningful forum for filing both Formal and Informal complaints. Students with complaint issues should resolve those issues, if possible, on an informal basis without the filing of a formal complaint. The Administration of John A. Gupton College has an open-door policy that allows access to the faculty and administration at any time for students to discuss any problems of an academic or personal matter. The administration may be contacted in person or by electronic means via Guptoninstitute (Moodle) as well as by email. Student complaints may involve a faculty member, a non-faculty member, another student, as well as the College. Complaints within the institutional community will be handled as follows:

Informal Complaints Procedures:

1. The student has seven (7) business days from the incident to resolve the matter informally with the individual associated with the complaint or by seeking informal assistance from a member of the faculty or administration as soon as possible.
2. Should this process not result in a resolution of the issue, the student may proceed to the formal complaint procedure.

Formal Complaints Procedures:

1. The student must file a formal complaint within ten (10) business days of the incident by requesting a **Student Complaint/Grievance Form** from the Admissions Office in person or electronically.
2. This form must be completed and returned to the Admissions office.
3. All formal complaints will be reviewed and investigated by the Academic Affairs Committee. The AAC may request to meet with all parties involved in the complaint.
4. The student will be notified in writing, within 10 business days, of the actions taken by the Committee.

Appeals Procedures:

1. The student may appeal, within five (5) business days, the decision of the Academic Affairs Committee to the College President. Only the student has the right to appeal.
2. The sole discretion of the College President's appeal process may be held in one of two ways: A. The President will review the information and make the final decision, or B. The President will appoint a separate committee to make the final decision.
3. Whichever process is chosen by the College President, the decision of the complaint appeal is final.

Retaliation against a student for filing a complaint is strictly prohibited.

John A. Gupton College's goal is to resolve student complaints in a friendly, fair, and efficient manner. The first step for students who desire to resolve a complaint is to follow the College's internal student complaint/grievance procedure contained in the Student Handbook. If the complaint is not resolved satisfactorily internally, the student may file a complaint with the **State of Tennessee Division of Consumer Affairs** at www.tn.gov/consumer.

If a complaint is related to the quality of education or accreditation requirements, the student should file a complaint with the accrediting agency, the **Southern Association of Colleges and Schools Commission on Colleges** at www.sacscoc.org and follow the complaint policy.

If a complaint is related to the application of state laws or rules related to approval to operate or license of the professional program, the student should file a complaint with the appropriate board with the **State of Tennessee Government** to be reviewed. Students should review the State website www.tn.gov and search for the appropriate division for the procedures related to the complaint. If the student has complaints related to state consumer protection laws, then the complaint needs to be filed with the **Tennessee Division of Consumer Affairs** and shall be reviewed and handled by that unit of government. www.tn.gov/consumer.

If a complaint is related to a clinical/practicum site within the student's state of residence, the student may file a complaint with the regulatory board of that state. Contact information for each state regulatory board may be accessed through <http://www.nfda.org/careers/licensing-requirements>.

Community Accountability-Whistleblower Policy

John A. Gupton College is committed to providing all students, faculty, alumni, vendors, and guests, with a safe and productive environment. If anyone has reason to believe or reasonably suspect that the college or any of its agents is acting contrary to any applicable federal, state or local laws or regulations, or contrary to any established college policy, that person may report such action or activity without fear of reprisal or retaliation.

Complaint Resolution Policies and Procedures for Non-Tennessee Resident Students in State Authorization Reciprocity Agreement States, commonly known as SARA.

Student complaints relating to consumer protection laws that involve distance learning education offered under the terms and conditions of the State Authorization Reciprocity Agreement (SARA), must first be filed with the institution to seek resolution.

Complainants not satisfied with the outcome of the Institution's internal process may appeal, within two years of the incident about which the complaint is made, to the Tennessee Higher Education Commission (<https://www.tn.gov/thec/bureaus/student-aid-and-compliance/postsecondary-state-authorization/request-for-complaint-review.html>).

For purposes of this process, a complaint shall be defined as a formal assertion in writing that the terms of SARA or the laws, standards or regulations incorporated by the SARA Policies and Standards (<http://www.nc-sara.org/content/sara-manual>) have been violated by the institution operating under the terms of SARA.

For a list of SARA member States, please visit the NC-SARA website (<http://nc-sara.org/sara-states-institutions>). Students residing in non-SARA states should consult their respective State of residence for further instruction for filing a complaint.

Policy Statement

John A. Gupton College is committed to providing a learning environment that is free from illegal discrimination on the basis of race, color, national origin, religion, age, disability, sex, sexual orientation, gender identity, marital status, or military service. The College will not tolerate illegal discrimination in any form.

In view of the sensitivity of such charges, all College officials investigating discrimination complaints will exercise care to observe and protect the dignity, rights and privacy interests of all parties involved to the maximum extent possible.

STEP 1: Directors

If a student believes she/he has experienced unlawful discrimination, the student should promptly file a written report of the incident with the Director of Funeral Service Education or Director of Mortuary Science.

Within 10 working days of receipt of such report, the Director or her designee will conduct a confidential and informal investigation to determine whether the alleged conduct has in fact occurred and will attempt to resolve the issue in a satisfactory way with all individuals involved.

The Director shall issue a written report of the results of her investigation to the student initiating the complaint within 30 days of such complaint.

STEP 2: President of the College

If in the student's opinion, the Director has not satisfactorily resolved the issue, she/he may file a written appeal to the President of the College or his designee within 30 days of the Director's written report. complaints directly with the United States Department of Education's Office of Civil Rights, the Tennessee Human Rights Commission.

DISABILITY RESOURCES

General Information Regarding Accommodations of Disability

John A. Gupton College provides services and assistance to any individual who identifies him/herself as a person with a physical and/or learning disability which substantially limits one or more life activities. Common services available to students with disabilities include but are not limited to:

Advocacy to faculty, staff, and administration classroom note-takers; Tutorial Services Testing modifications; Assisted registration; Handicapped Parking; Use of tape recorders; Audio textbooks (where available); Extended time for program completion; Sign language interpreters; Environmental adjustments; Other services as warranted and mandated by law. The student may be responsible for the expenses of disability accommodations.

Procedures for Requesting Accommodations for a Disability

John A. Gupton College offers a variety of support services to individuals with disabilities; however, **ALL SERVICES MUST BE REQUESTED IN A TIMELY MANNER.** Accommodations are provided only after disclosure and documentation procedures are complete. To request services and/or accommodations, the following steps should be taken:

Individuals needing such services and/or accommodations should meet with College Registrar in person or electronically to make a formal, written request and sign a disclosure form as well as other paperwork. Students should provide appropriate and current documentation* of the disability. The documentation look back period cannot exceed three years.

Students may contact the Registrar by visiting the College or by calling (615) 327-3927.

*Documentation within the last three years must include the following items of information:

- A definitive diagnosis and the associated limitations.
- A letter from a certified practitioner outlining specific educational and/or environmental recommendations

Individuals with learning disabilities must also present one of the following:

- A copy of a comprehensive assessment from their high school's resource office

OR

- A letter or report from a licensed psychologist, diagnostician, or other professional knowledgeable in learning disabilities. This document should clearly state the presence of a learning disability and list the recommendations for the student.

Individuals with psychiatric disabilities or Attention Deficit Disorder should present a letter from a licensed psychologist, psychiatrist, or medical doctor with an explanation of the disorder, symptoms present with the disorder and educational recommendations.

All medical records and learning assessments are kept confidential. Each student will be asked to sign a confidentiality waiver in order to allow the Registrar to inform instructors of the student's disability in general terms and to outline accommodations that are to be provided in their classrooms.

Disability-related documentation submitted to the Registrar for the purpose of verifying a disability is considered an academic record. Based on this, the documentation is subject to the requirements of the Family Educational Rights and Privacy Act (FERPA). This Act requires records to be maintained as private and specific disability-related information to be shared only when there is a legitimate educational need to know. Therefore, the College's faculty members may at times request disability-related information they view as necessary to assist in the improvement of a student's education or academic skills.

Once a student's documentation has been accepted, the student will meet with the College President in person or electronically, to discuss services and accommodations. The Registrar then meets with the appropriate instructors to inform them verbally and in writing of the accommodations that have been granted.

Grievance Procedures

If a student feels he/she is being denied the agreed-upon accommodations, he/she should first appeal to the classroom instructor who is not in compliance. If services/accommodations continue to be denied, the student should report the problem to the College President. If unsatisfied with this resolution, it is the student's right to file a formal complaint following the grievance policy.

Students who have been denied accommodation by the Registrar's office may ask the office to reconsider their request upon presentation of evidence not previously submitted. Such evidence must still meet the criteria outlined above as acceptable documentation. If accommodations are still denied, the student may utilize the grievance procedure.

ACCOMMODATIONS WILL BE REVIEWED AND/OR RENEWED EVERY SEMESTER. STUDENTS WHO ARE RECEIVING DISABILITIES RESOURCES SHOULD CONTACT THE REGISTRAR, FOR ASSISTED REGISTRATION AND ACCOMMODATION UPDATES BEFORE THEIR SEMESTER BEGINS.

Confidentiality of Student Records

The Family Educational Rights and Privacy Act of 1974 is a federal law which states:

- (a) that a written institutional policy must be established, and

- (b) that a statement of adopted procedures covering the privacy rights of students be made available.

The law provides that the institution will maintain the confidentiality of student educational records. John A. Gupton College accords all the rights under the law to students who are declared independent. No one outside the College shall have access to nor will the College disclose any information from a student's educational record without the written consent of the student. Exceptions are personnel within the College, officials of other institutions in which the student seeks to enroll, persons from accrediting agencies carrying out their accreditation function, persons in compliance with a judicial order, and in order to protect the health and safety of the student and other persons in case of emergency. All exceptions are permitted under the Act.

Within the College community, only those members who act in the student's educational interest including faculty, administration, clerical, and other persons who manage student records are allowed access to the student's educational records.

At its discretion, the College may provide Directory Information in accordance with the Act to include: student name, address, telephone number, date and place of birth, major field of study, dates of attendance, degrees and awards received, the most previous educational agency or institution attended by the student and participation in officially recognized activities.

Students **have the right to** the following:

1. Withhold Directory information. Notify Registrar in writing at registration each term.
2. Inspect and review the information contained in their educational records.
3. Challenge the contents of their educational records.
4. Have a hearing if the outcome of the challenge is unsatisfactory.
5. Submit explanatory statements for inclusion in their file if decisions of the hearing are unacceptable.

Educational Records Review

Students wishing to review their educational records must make a **written request** to the Registrar of the College, in person or electronically, listing the specific item or items of interest. Only records covered by the Act of 1974 will be released. The President of the College will coordinate the inspection and review procedures for student educational records, which include admissions. Records will be made available within thirty days of the request. Students may have copies made of their records with certain exceptions (e.g. a copy of the academic records for which a financial hold exists, or a transcript of an original document which exists elsewhere). These copies may be made at the student's expense at prevailing rates. Educational records do not include records of instructional, administrative, and educational personnel which are the sole possession of the maker and are not accessible or revealed to any individual except a temporary substitute; records of the law enforcement unit; student health records, employment records, or alumni records. Health records, however, may be reviewed by physicians of the student's choosing.

Students **may not** have the rights to the following:

1. Financial information submitted by their parents.
2. Confidential information associated with admissions.
3. Confidential information regarding employment or job placement.
4. Confidential information regarding honors to which they have waived their rights to inspect.
5. Educational records containing information about more than one student.

The College is not required to permit students to inspect and review confidential letters and recommendations placed in their files prior to January 1, 1975, provided those letters were collected under established policies of confidentiality and were only for the purposes for which they were collected.

All student records are maintained in perpetuity and secured from theft, alteration, and damage. Current student records are maintained in a locked file room in fire-resistant cabinets. Complete backups of official student academic records including transcripts, official signed grade records, and graduation lists are secured on CD Rom in a fireproof file cabinet and housed in a safety deposit box maintained at Renasant Bank, West End Avenue Branch. All other student and institutional records will be maintained for at least 5 years after graduation or date of last attendance.

Amend Education Records

Students who believe that their educational records contain information that is inaccurate or misleading, or is otherwise in violation of their Privacy Act or other rights, may discuss their problems informally with the Registrar of the College. If the Registrar's decisions are in agreement with the student's requests, the appropriate records will be amended. If the Registrar's decisions are not in agreement with the student's request, the student will be notified within a reasonable period of time that the records will not be amended, and they will be informed of their right to a formal hearing.

Disclosure of Information

The annual passage rate of first-time takers on the National Board Exam for the most recent three-year period for this institution and all ABFSE accredited funeral service education programs is posted on the ABFSE web site www.abfse.org

In accordance with the Student Right-To-Know Campus Security Act of 1990, the College publishes the range of crimes and other violations of the law on its campus.
